

Hello Bhawna,

I hope this message finds you well. I am writing to propose a business collaboration between our two entities. We understand that you are seeking to enhance the visibility and credibility of your products on E-commerce platforms through customer ratings.

Here is our proposal.

All Platforms (except Amazon)

Cost: Our service charge is ₹70 per review/rating. Therefore, for 250 reviews, the total cost would be ₹17,500 + 18% Gst will applicable only the service charge.

Important Points

1. Product Return: After the products are delivered, they will be returned to the source via courier, with the charges borne by you (the Seller). Applicable only if we are getting original products and number of orders is more than 200.

2. Payment: Product costs need to be paid after every week, and commission charges need to be paid monthly. Two separate bills will be raised.

Product Cost	Debit Note	Without Gst
Service Charge	Invoice	With 18% Gst

3. Project Completion: Reviews will be updated within 15 days after the delivery.

4. Charges: It's divided into two parts – 50% for orders and 50% for review and rating.

Please let us know if you have any questions or if there's anything else you'd like to discuss.

Thanks,
